

We are linking nature's contribution at 4 levels, to let people benefit more from social economic priorities:

- 1. Human scale: to inform, to initiate, to invest

City Rotterdam scale 3. -

- 2. Neighbourhood scale:

- repositioning natural capital
- introduction eco-system services
- green infrastructure connections

- creative coalitions and superuse
- social gathering and resilience
- value creation and public health

19 June 2017 - Stef Janssen vision chairman

STROOM en ONDERSTROOM

- 4.

National scale:

Green Deal 'Multifunctional Green Roofs',

a coalition of municipalities, waterboards, companies, Ministries of 'Economy' and -'Environment and Infrastructure',  
knowledge- and educational centres
